Comments:

Oxford run numbers were up 20 or more compared to recent years. The new Event 2 course worked a treat with sheep slipping well and forty per cent yarding. A well designed set up by Vice

President Derek Deans. It was good to see both Derek and the President Stu Dalzell getting placed on the new course and Stu getting early points on the Straight Hunt as well.

A new member of our sister club, Loburn – the Bona Fide Bones Evans, must be mentioned for winning both Heading Maidens with Blue and being placed 2nd in the Long Head with Liz. Michael Bones has rattled his way almost back to the Oxford Club where he started his dog trialling journey nearly 40 years ago. Mike's accumulated wisdom will be useful.

The Club likes to thank once again, all Sponsors – Judges – Timekeepers – Land Owners – Sheep Suppliers - Cooks and Slippers. Especially the slippers, putting up with long hours in the heat. Thank You all.
