Comments: An outstanding couple of days were had this year. Entries were up considerably on last year and the weather really turned it on for us. With our home grounds being incredibly dry, we were fortunate enough that the Rolleston Family of Blue Cliffs Station were happy for us to hold our trial there this year – so massive thank you goes out to them. A big thanks also needs to

go to Tom Bell and his team who made the magic happen and brought it all to life, all our club members for their time and effort, our generous sponsors, the ladies in the cookshop who put on a great spread and all the competitors who came from far and wide to compete. We hope to see you all again next year!

Bones Evans and Liz have extended their points out to 32, leading the Top Header. No other changes in either code. Will wait until after Tai Tapu to give Final Top Dog Results. Good luck to all competing at Loburn and Tai Tapu, the last two trials in the Canterbury Centre. Huge thanks to Levels for running a really good trial!!
