Comments: Another well organised Petane dog trial held this past weekend with Jerry Berry at the helm, assisted by many helpers from throughout HB. Very much a composite club, appreciation must be given to all who contributed in many ways. The heading sheep were new season lambs and were exceptional throughout thanks to a dedicated crew that worked them for two days prior and everybody had a winning opportunity.

The hunt sheep were older weaned shorn ewes and had to be treated with a bit of care, but were there for the taking if handled correctly. Some top work done on both courses and the quality of dogs on display was outstanding.

As the results show we were supported by competitors from most North Island centres. Clark Chrystal and Bob Bruce have started the season with the hammer down having had wins at both TeAute and Petane as well as Bernard Arends sneaking up from the Wairarapa and leaving his mark on the heading results board...again.

Next trial is Waimarama on the first weekend of Feb so hope to see you all there.

Have a happy and safe festive season.

All the best

Rocky Hawkins
