Well done to all winners and placegetters.

Husband and wife team of Brendon and Anna Stewart took both TUX South Island Handy Dog titles home with them with two very good displays of work and stockmanship. Brendon's dog Dusty is the mother of Anna's Sky and Sky is the mother of Brendon's Frost who also placed in the Heat.

The Maiden run-off featured three ladies, a first in this particular event, who all went out and did themselves proud.
