A very busy 3 days at Ashburton with changeable weather. With record entries at over 200 made it a three -day event. With Ashburton Show hosting the Wayleggo Cup Trans-Tasman Test Teams, entries were received from Australia and the North Island. We have to sincerely thank Mark and Robyn Copland for the use of their well grown half-bred wethers who did test each competitor around the course but were very good through the obstacles. This is to the due diligence of the number of volunteers who turned up at the farm to work them leading up to the show. Thanks to Rural Transport for carting the stock to and fro. Thanks also to liberators slipping the sheep and guys who catered the lunches each day. Thanks to David King for convening the event. Well done to the qualifiers that will now go to 'Springbank Farm' for the South Island Semi final in January. Scott McRae, Brendon Stewart and Russell Lawrence.
